(SUBJECT.)

Survey – (South Kanara) Porcupoke Sub-Division Inodes, Nagabanas, rocks & tanks – demarcation orders passed.

C.F. 32

In reply, please quote number, date and short title.*

Revenue / DEPARTMENT. 94006

Received ..... *Registered* .....

From (Name) G. W. Wells, Esquire, M.A., I.C.S.,

(Designation) Collector of South Kanara.

Post Box ....., (Station) Mangalore.

Telegraphic Address .....

To The Secretary to the Board,
Land Revenue & Settlement,
Madras.

Ref. *No.* 7032-L-30 *dated* 12-9-30 ~~192~~

Sir,

* Survey - Demarcation - Poramboke sub-divisions - Thodus, nagabanas, rocks and tanks.

Spare Copies.....

In this District the demarcation of poramboke thodu sub-divisions was abandoned agreeably to B.P.~~135~~ R.S.L.A. dated 29-3-10. Two other kinds of poramboke sub-divisions, viz. rocks and nagabanas (serpent shrines) were also excluded from demarcation as they did not fall within the category of poramboke sub-divisions referred to in B.P. 278 R.S. dated 13-10-16. Further poramboke tank sub-divisions were withheld from demarcation as they are not irrigation tanks and as it was considered that the tanks referred to in the list Appendix I to B.P.278, R.S. dated 13-10-16 were irrigation tanks. Thus poramboke sub-divisions represented by thodus, serpent shrines, rocks and tanks in non-resurvey areas of the District remain undemarcated.

2. Under the executive rules now in force the bends of poramboke sub-divisions have to be demarcated and no exception has been made in regard to the 4 kinds of porambokes referred to above. This raises the question whether they are to be demarcated now. The cost and labour involved will not be less than in 1910. The work will be too big for the ordinary revenue staff. A special staff will have to be employed unless the work is to be entrusted to the Settlement Party which has to inspect every poramboke

or the purposes of resettlement. I solicit the orders of the Board.

Your obedient servant,

For Collector.

Survey – (South Kanara) – Demarcation of Poramboke Sub Divs – Thodus, Nagabanas, Rocks & Tanks – Instructions.

P P 1 & 2 cf

G.4006-30.

A.S (Sett)

1 & 2 cf

Please see the Collector's letter at p.p 1 & 2 cf. He raises the question whether the poramboke (viz) thodus, nagabanas, rocks & tanks, which were hitherto excluded from demarcation, have now to be demarcated in view of the rules now in force, which lay down that the kinds of the poramboke sub-divisions, ~~have~~ should to be demarcated. The question may be referred to the D.L.R for remarks.

Illegible 27.9.30

2/. The suggestion of the collector in the concluding portion of his reference that the work of demarcating these poramboke may be entrusted to the Settlement Party is not correct, as it has no concern with the demarcation of poramboke.

Illegible 27/9/30

Illegible 27.9.30.

27.9.30 To M.L & L.R

? "streams"

The areas which are not being resurveyed were surveyed on the Sketch map system. As the Govt. have ordered that such areas are not to be resurveyed I am of opinion that it is not necessary to demarcate points at the heads of subdivisions registered as thodus, serpent shrines, wells and tanks. The work involved cannot be done by the district revenue staff which has to maintain survey marks at maintainable points already demarcated. This work is quite enough in Sketch map areas.

~~AS Sett~~

S (Sett)

Please see the remarks of the D.L.R. suggests that it is not necessary to demarcate points at the heads of sub-divisions registered as thodus, serpent shrines etc. If his recommendation is accepted, the question of having a

a special staff does not arise.

ktm 6/10/30 The collector may be informed that it is unnecessary to demarcate points at the heads of subdivisions registered as thodus (streams) ~~,~~ shrines, rocks and tanks in areas where no resurvey has been ordered.

B 10.10.30

The Coll. may be informed as reported by the D.C.-R. of A on p. 2 above.
